

FOR IMMEDIATE RELEASE

## Harvest Food & Outreach Partners with Global Vision Technologies and FAMCare

Atlanta GA, May 20, 2010 - Harvest Food & Outreach Center who has a HQ in Vero Beach, Florida and two other locations - Ft. Pierce and Orlando - has partnered with Global Vision Technologies (GVT) to implement [FAMCare](#) for their case management needs. [Harvest Food & Outreach Center](#) provides food, crisis services and programs, and opportunities for education and employment to hungry families fighting to break the cycle of poverty.

The vision of Harvest Food & Outreach Center is to see a community where every family has access to basic needs, nutritional food and adequate housing. Their goal is to see that no family struggles alone in times of crisis or hardship. This is accomplished when every child and family has the opportunity to have an empowering education, quality healthcare and a future filled with faith, hope and love.

With [FAMCare](#) - Harvest Food & Outreach's goal is to improve upon an already successful programming by including secure, web-based case management technology to improve productivity and information management.

### **About Global Vision Technologies Inc.**

GVT specializes in providing both off the shelf and customized web-based solutions: [child welfare and human services software](#), and [patient registry software](#) and provides advanced web-based technologies that improve effectiveness and decision making.
